

Well members, it's going to be a very busy August and September! KCL have stated they will start on the 4th of August, and the first dirt will be turned on the 5th.

August. This gives us great hope that the greens will be finished prior to November when we start barefoot bowls. We currently do not have an end date as the weather can be fickle.

As you can guess there are many things to put into place prior to KCL starting their works on our greens. Many members have been involved in preparations for KCL starting this job. The leadership of Wayne Gullidge, Martin Cheeseman and Leigh Hale is to be commended. The Board has now put in place a small team of members to keep an eye on the progress and liaise with KCL as required.

As noted in the July News, the Bowls Committee has a plan in place while only one green is available for our normal social bowls days - Wednesdays and Saturdays. I won't go over all the details in this newsletter but please make sure that you check the flyers on each table that details these plans.

While we have one green, the Bowls Committee will also run a Friday afternoon bowls session during the 8 Fridays of August and September. These bowling opportunities will commence at 1:00 PM and finish by 5:00 PM happy hour. Members who would like to enjoy this opportunity are welcome to sign up by 6:00 PM on the Thursday afternoon. The number of players will determine the format. There will be a maximum of 54 players.

Saturday Pennant commences on the 18th of October with two divisions at home. If only one green is still available then, there is a contingency to have **social bowls** on the Friday prior to Saturday Pennant. Let's all hope our greens are completed quickly.

Our selectors have placed an 'Unavailable sheet' in the back sign up area to assist with planning for when Pennant starts. Please check for times when you may be unavailable to play Pennant.

The selectors will also be planning in house practise sessions and inter club games. Please make yourself available as often as possible so that they can gain some insight to make the best decisions regarding teams for our club.

Cheers and Good Bowling

David Pumpa
